THE EVENT AGAINST ALL CANCERS

The Trinidad and Tobago Cancer Society, in partnership with Republic Bank, is proud to present the 9th Annual Bubbles for Life. We are delighted to once again welcome participants to the Brian Lara Cricket Academy for another inspiring day of fun, fitness, and community.

Over the years, Bubbles for Life has grown into one of Trinidad and Tobago's most anticipated charity events, bringing together individuals, families, corporate teams, and communities from across the country in support of a common cause. This year, we once again invite everyone to stand with us as we raise awareness about cancer prevention, encourage early detection, and promote healthier lifestyle choices.

Together, we can make a meaningful difference in the lives of those affected by cancer while helping to build a healthier future for our nation.

We invite the corporate community of Trinidad and Tobago to partner with us in the fight against cancer. A range of sponsorship opportunities is available, each offering valuable brand exposure and meaningful engagement with thousands of participants and supporters.

Through an extensive advertising, marketing, digital, and public relations campaign, our sponsors will receive significant visibility before, during, and after the event. At the Trinidad and Tobago Cancer Society, we value our partners and are committed to building lasting relationships that create meaningful impact for both your organisation and the communities we serve.

THE VISION

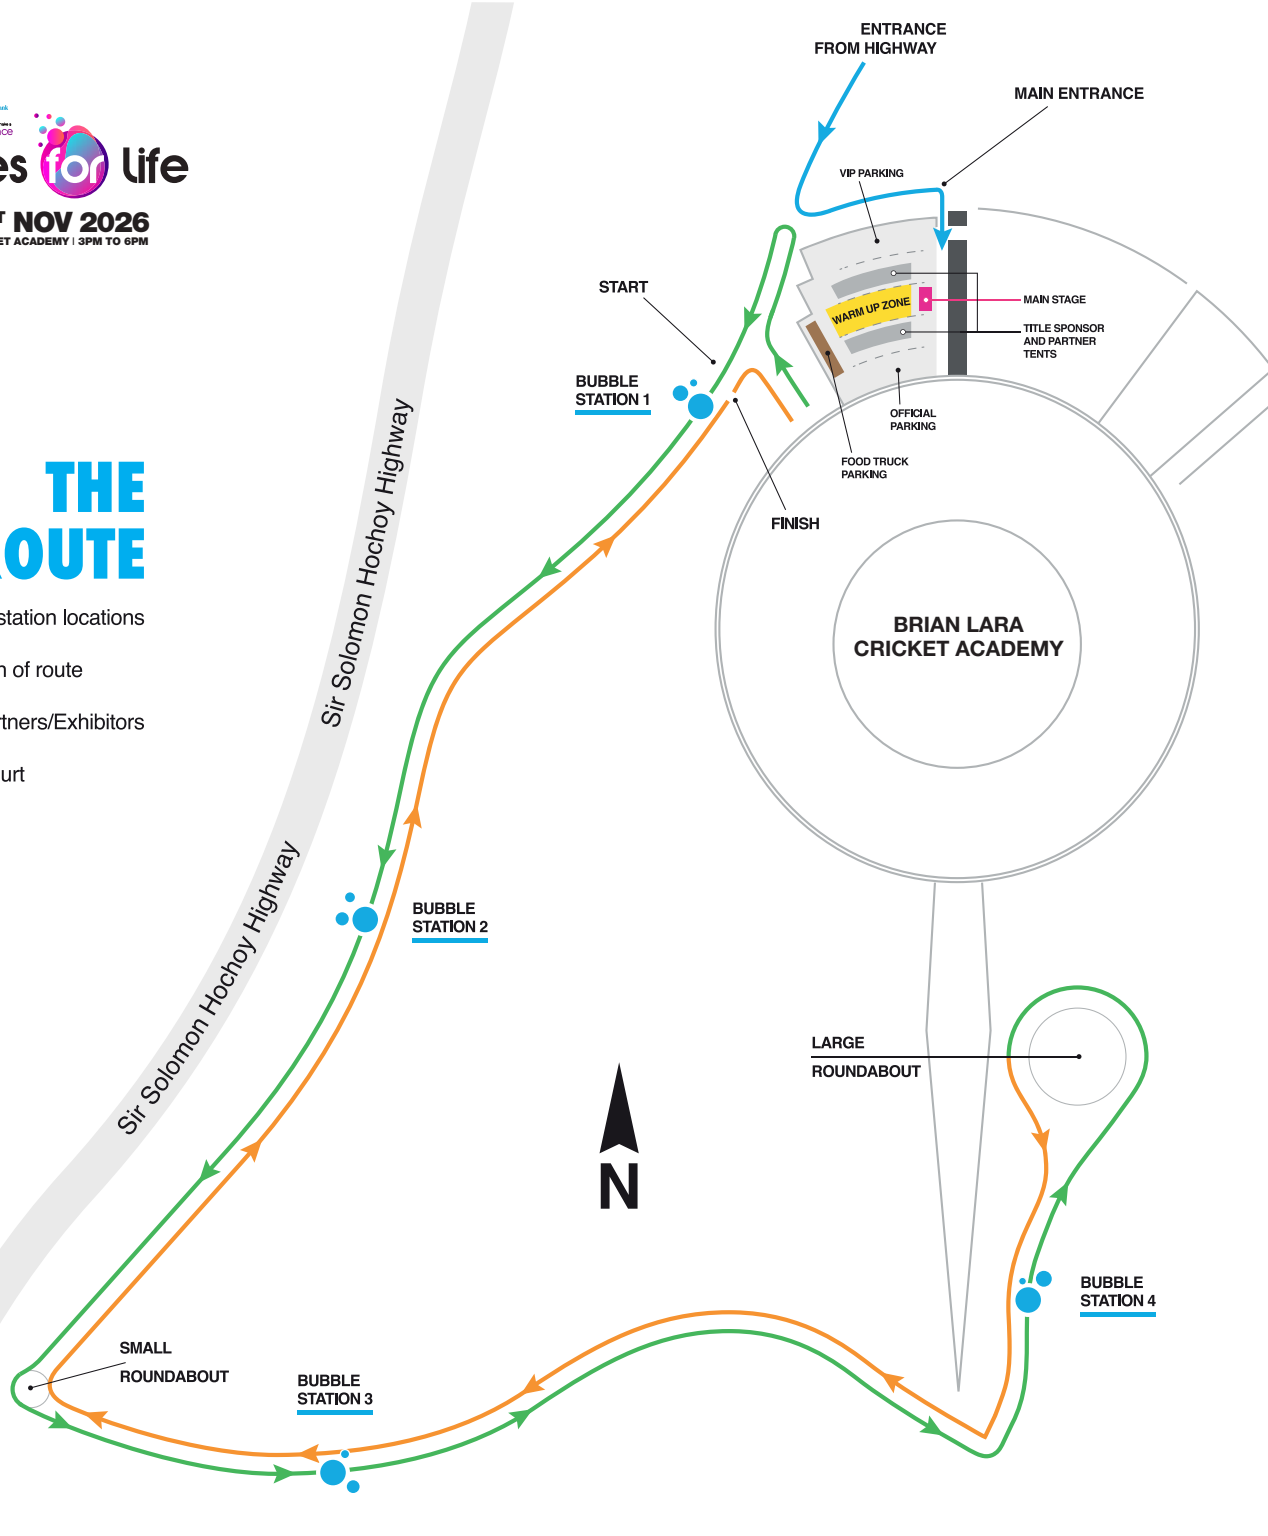

This TTCS and Republic Bank partnership has seen many successful events, but Bubbles For Life is the mother of all events. Our registration numbers exceed 5,000, with an incredible 4,000 plus people participating, all coming out to show support and take the fight against cancer to a national level. This year we hope to take the fun-filled celebration of family and life to new heights.

Branded Bubble Stations will be mounted at strategic locations along the route. These will dispense foam in various colors representing the different types of cancers, all to the tune of music, which will be heard throughout the course along the road, making it celebratory and even more exciting to run, walk or dance through. Bubbles for Life has always created the positive energy needed to make this the "must-see and do" event of the year.

THE ROUTE

-  Bubble station locations
-  Direction of route
-  Title Partners/Exhibitors
-  Food court
